

KaRavan with love from Dubai to Ibiza (part 9)

Welcome to the 9th edition of "KaRavan", the unique compilation concept by Pierre Ravan from Dubai, who has started the whole House music movement in Dubai.

KaRavan is Pierre Ravan's personal concept based on music for all hours and minutes of the day. The concept is based on a Spiritual Journey through Music from a "deeper & soulful" sound extending to a "darker & techy mood", all in one single journey linking the beginning with the end. All of Pierre Ravan's KaRavan compilation albums conveyed the true message of Love and Unity through his music starting in a daytime stretching to a late night.

After the success of last year KaRavan 8 "Utopia", Pierre Ravan is taking his musical journey to the next level with KaRavan 9 and is dedicating his timeless work "With Love from Dubai to Ibiza", connecting both cities with the new sound that he will be playing in all clubs and KaRavan residencies worldwide.
